

AMENDMENTS TO THE CLAIMS

1. **(Currently Amended)** A loud speaker comprising:
a frame bonded to a magnetic circuit;
a diaphragm bonded to an outer periphery of the frame;
a voice coil that is bonded to the diaphragm and is partly disposed in a magnetic gap of
the magnetic circuit; and
a protector bonded to the frame so as to cover the diaphragm,
wherein a net made of material containing at least metal is bonded to the protector, and
wherein the net is bonded to the magnetic circuit.

2. **(Original)** The loud speaker of claim 1,
wherein the protector is made of resin material.

3. **(Previously Presented)** The loud speaker of claim 1,
wherein the net contains resin material.

4. **(Previously Presented)** The loud speaker of claim 1,
wherein the net contains copper material.

5. **(Previously Presented)** The loud speaker of claim 1,
wherein the net contains nickel material.

6. **(Previously Presented)** The loud speaker of claim 1,
wherein the net contains both copper material and nickel material.

7. **(Cancelled)**

8. **(Previously Presented)** A module formed by bonding the loud speaker of claim 1 to an electronic circuit.
9. **(Previously Presented)** An electronic apparatus including the loud speaker of claim.
10. **(Previously Presented)** A device including the loud speaker of claim 1.
- 11-28. **(Cancelled)**
